Parsnip Soup with Cheesy Croutons

An easy, luxurious, autumnal soup

Preparation time: Less than 30 mins

Cooking time: 30 mins

Serves 4

Ingredients

1 tbsp olive oil

2 garlic cloves, finely chopped

600g/1lb 5oz parsnips, cut into 1cm/½-inch cubes

½ tsp dried red chilli flakes, plus extra to serve

1 litre/1¾ pints hot vegetable stock

200ml/7fl oz double cream

salt and freshly ground black pepper

For the croutons

3 thick slices good bread, such as sourdough, cut into 2.5cm/1-inch pieces

1 tbsp olive oil

55g/2oz Gruyere cheese, finely grated

Method

Preheat the oven to 200C/180C Fan/Gas 6. Heat the oil in a heavy-based saucepan over a medium heat. Add the chopped garlic and cubed parsnips and fry for 4–5 minutes, stirring occasionally. When they are golden add the chilli flakes and fry for one more minute.

Pour in the stock, stir and bring everything to a simmer. Cover with the lid and cook for 12–15 minutes, or until the parsnips are tender.

Meanwhile, for the croutons, place the pieces of bread on a baking tray in a single layer and drizzle with the olive oil. Sprinkle over the cheese, and season with salt and pepper. Bake for 5–10 minutes until crisp and golden.

Remove the soup from the heat and blitz with a stick blender until smooth. Return to the heat, stir in the cream and heat through gently. Season to taste with salt and pepper. Serve the soup topped with the croutons and a sprinkling of chilli flakes for a little more kick.

Reduce Your Plastic Footprint

Stop straws - If a straw is a must, instead of a plastic one purchase a reusable stainless-steel straw and carry it with you.

Invest in reusable produce bags - A single plastic bag can take 1,000 years to degrade. Purchase or make your own reusable produce bag but be sure to wash them often.

Give up the gum - Chewing gum is made of a synthetic rubber which is actually plastic!

Buy boxes over bottles - If your laundry detergent comes in a box it will be more easily recycled than a plastic bottle.

Buy from bulk bins - If possible, purchase food, like cereal, pasta, and rice from bulk bins using your own container or bag. Not only will you save on packaging you'll also save money.

Take your own cup to coffee shops - Some establishments offer a reduction in price for this!

Ditch the disposables - Disposable nappies are a huge source of landfill. Modern cloth nappies are nothing like the

monstrosities of yesteryear. Check them out, reduce your baby's carbon footprint and save money in the process.

Squeeze your own - Make your own fresh squeezed juice or eat fruit instead of buying juice in plastic bottles. It's healthier and better for the environment.

Lead with your lunch - Pack your own lunch in reusable containers and bags.

Use a real razor - with replaceable blades instead of a plastic disposable razor.

These are all simple steps but if more of us follow them they have the potential to make a big impact on our collective plastic footprint.
